

Enduraplas tanks are like no other tanks on the market. Their extra heavy side wall resists bulging as in other tanks. They use a compounded resin on all their colors which means no sunlight inside the tanks making them algae resistant. Oasis uses Rain Harvesting overflows which raises the storage in the tanks by 3"-4" and includes a Mozzie Stop made by Rain Harvesting also which will never clog up like other overflows yet still keep bugs from getting inside the tanks. The roofs on these tanks are like no others.

Gallons	Dimensions (Dia x Height)	OASIS Retail Price	cost per gallon
200	30 x 79	\$ 452	2.26
340	40 x 74	\$569	1.67
550	60 x 52	\$719	1.31
870	60 x 78	\$996	1.14
1100	60 x 97	\$1050	.95
1125	85 x 56	\$1050	.95
1350	85 x 71	\$1,253	.93
1550	85 x 80	\$1,351	.87
1750	85 x 89	\$1,484	.85
2100	85 x 100	\$1,520	.72
2500	90 x 113	\$1,705	.68
2600	100 x 92	\$1,830	.70
3100	100 x 103	\$2,207	.71
275	Truck Tank	\$614	
400	Truck Tank	\$725	
340	74"x46"x31"	\$916	leg tank
