When looking for a rain barrel to blend in around the home, Tijeras is the perfect fit. With over 20 colors to choose from and in sizes that are easy to work into a home landscape, these are the ones to consider. "Tijeras" keeps out debris with either screened or basket strainer style tops and has internal or external overflows with brass ball valves for draining. The only rain barrel designed to place directly under a scupper.

"Villa" series—One piece designed rain barrel with basket strainer style top and external overflow  
**65 gallon 20" x 47" \$189**      **100 gallon 27" x 43" \$ 269**      **200 gallon 36" x 49" \$369**

"Cubo" series—Two piece design with removable top in either a screened wagon wheel or one hole design. Internal overflow.  
**100 gallon 27" x 43" \$329**    **200 gallon 36" x 49" \$ 429**
