

**Oasis stocks Poly-Mart Tanks at our yard in Sierra Vista, AZ for fast customer delivery. These are great rain water harvesting tanks. Features include**

- 3" clog free screened "Mozzie Stop" overflow on all tanks of 500 gallons and smaller
- 4" clog free screened "Mozzie Stop" overflow on all tanks of 1,000 gallons and larger
- 12" stainless steel screen basket strainer on tanks 250 gallons and smaller
- 16" stainless steel screen basket strainer AND screw on/off hard lid on tanks 500 gallons and larger
- 3/4" brass spigot 12"-16" off ground for bucket filling on all tank sizes
- 3/4" brass ball valve at bottom of tank for attaching a hose on all tank sizes
- Overflow design places elbow inside tank pointing up, increasing storage 3"-4" over traditional overflows.
- Having tanks in stock means we have already paid for shipping which is calculated into the below prices.

NOTE: All overflows are installed at customer's location so we may customize each overflow location (3-4 options per tank). Lids may be added to tanks 250 and smaller for \$20 additional, custom order.

Gallons	dimensions (D x H)	OASIS Retail Price	cost per gallon
100	30" x 43"	\$243	\$2.43
